BACK COVERED WITH MASS OF PIMPLES

Now Has No Sign of Skin Disease.

"My troubles began along in the summer in the hottest weather and took the form of small eruptions and itching and a kind of smarting pain. It took me mostly all over my back and kept getting worse until finally my back was covered with a mass of pimples which would burn and itch at night so that I could hardly stand it. This condition kept getting worse and worse until my back was a solid mass of big sores which would break open and run. My underclothing would be a clot of blood.

"I tried various blood medicines and other remedies and salves for nearly three years and I was not getting any benefit. It seemed I was in eternal misery and could not sleep on my back or lean buck on a chair. I was finally given a set of the Cuticura Remedies and links of two weeks I could see and feel a great relief. I kept on using Cuticura Soap. Outment and also the Resolvent, and in about three or four months' time my back was nearly cured and I let! like a new being. Now I am in good health and no sign of any skin diseases and I am fully satisfied that Cuticura Remedies are the best ever made for skin diseases, I will always recommend them to anybody who will use according to directions. I would not be without them." (Signed) W. A. Armstrong, Corbin, Kan., May 26, 1911. For more than a generation Cuticura Soap and Olntment have afforded the most economical treatment for affections of the skin and scalp of infants, children and dealers throughout the world, a liberal sample of each, with 22-p book on the skin, will be sent free, on application to Potter Drug & Chem Corp.
